ABOUT NAPLES SHUTTER

At Naples Shutter, our philosophy is straightforward: "Begin with the highest quality materials, engage the latest technology for flawless manufacturing, and accept nothing less than 100% quality and satisfaction by our customers." This philosophy has allowed us to serve more than 30,000 satisfied customers over the last 26 years.

Naples Shutter products are assembled in Naples, right in our own factory, so we ensure that each custom shutter meets our strict requirements.

High quality raw materials, state-of-the-art technology, and our

thorough inspection process come together to make these attractive fixtures. Over 40 employees from sanders to customer service people work together to create your custom shutters.

Our people make the difference. When you choose Naples Shutter to provide shutters for your home, you will be assisted by knowledgeable, caring, hometown people from the first sales consultation through our service after installation. Your phone calls are answered by a "real person" and our Warranty lets you know that you will be delighted with your shutters for many years to come.
